

# The Ultimate PEMF Mat

The combination of PEMF (Pulsed Electromagnetic Field) therapy and red light therapy on a mat can provide a range of potential benefits for overall health, wellness, and recovery. When used together, these two therapies work synergistically to support healing and pain management, improve circulation, and promote relaxation.

# The Ultimate PEMF Mat

The combination of PEMF (Pulsed Electromagnetic Field) therapy and red light therapy on a mat can provide a range of potential benefits for overall health, wellness, and recovery. When used together, these two therapies work synergistically to support healing and pain management, reduction of inflammation, improve sleep cycle, and promote relaxation.

# A Multi-Modality Wellness System

**Infrared Heat Therapy**
Engineered to deliver deep, penetrating warmth, the mat's far-infrared spectrum supports circulation, eases stiffness, and accelerates the body's natural repair cycles. Gentle, sustained heat creates a restorative environment for both body and mind.

**PEMF Cellular Optimization**
PEMF technology helps the body reset its natural electromagnetic rhythm. This low-frequency therapy is clinically recognized for its ability to reduce inflammation, support healing, and promote resilience at the cellular level.

**Gemstone Photon Resonance**
Seven embedded gemstones align with the body's natural energy centers. When activated, they release photon vibrations that ground, balance, and harmonize—enhancing the restorative impact of heat and PEMF therapy.

**Designed for Comfort & Performance**
Wrapped in durable PU leather and built for daily use, the mat blends refined design with uncompromising function. Foldable and portable, it fits seamlessly into wellness clinics, recovery programs, or personal routines.

| Model: | Power / Voltage: | Unit Dimensions | Heat Range: | Materials: | Therapies: |
|---|---|---|---|---|---|
| FUL-8120 | 200 W / 110 V (confirm 110–240 V) | 190 cm × 80 cm | 25 °C – 75 °C | PU Leather, 7 Gemstones | Far-Infrared + PEMF + Gemstone |

# PEMF Mat

## Description

A multi-therapy wellness device combining Infrared Heat, Pulsed Electromagnetic Field (PEMF), Photon Light, and Gemstone Therapy. Together, these modalities restore balance, reduce pain, accelerate recovery, and enhance whole-body vitality.

## Features & Benefits

- **Multi-therapy system:** Four healing modalities in one mat (Infrared Heat, PEMF, Photon, Gemstones)
- **User-Friendly Design:** Handheld controller with simple settings for heat, timer, and PEMF levels
- **Portable & Durable:** PU leather, foldable for easy transport and storage
- **Customizable Sessions:** Adjustable temperature (35–75 °C), timer (1–9 hours), and PEMF levels (1–9)
- **Built-In PEMF Technology:** Six internal coils for full-body coverage at variable pulse speeds
- **Safe Operation:** Ultra-low EMF output, below international safety standards

## Technical Specification

**Model:** FUL-8120

**Size:** 190 × 80 cm (unfolded)

**Power / Voltage:** 200–250 W / 110–240 V

**Heat Range:** 25–75 °C

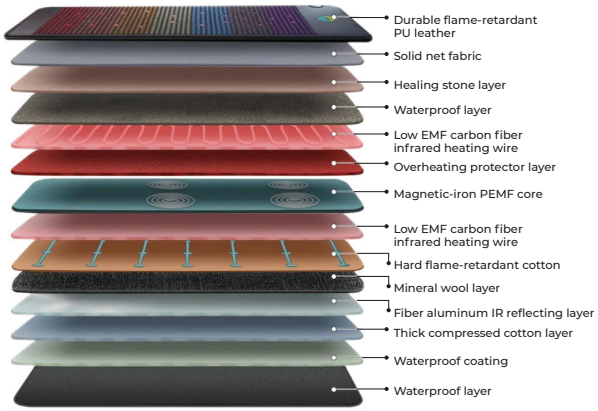
**Timer:** 1–9 hours
(default ~40–45 min sessions for PEMF)

**PEMF Levels:** 1–9 adjustable; Slow (2–7 Hz), Medium (7–8 Hz), Fast (15–16 Hz), Ultra-Fast (23–30 Hz) PEMF Coils: 6 built-in

**Materials:** PU leather + natural gemstones (amethyst, obsidian, etc.)

**Electrical Safety:** Ultra-low EMF

**Warranty:** 1 year



## Therapy Benefits

### Far-Infrared Heat

Deep warmth that improves circulation, eases stiffness, and promotes relaxation.

### PEMF (Pulsed Electromagnetic Field)

Restores the body's rhythm to reduce inflammation, accelerate recovery, and support cellular repair.

### Photon & Gemstone Resonance

Aligns energy centers to balance mood, calm the nervous system, and enhance overall harmony.

Together, these therapies deliver restoration, resilience, and renewed vitality in every session.
